

CAMPUS Asia Program presents:

CAMPUS ASIA
Fudan Korea Kobe

Risk Management Seminar Series

There are many “risks” at various levels in the world, from natural risk (e.g.: natural disasters) to social risk (e.g.: man-made disasters, economic uncertainties and political instabilities). Understanding the existence of those risks will deepen our comprehension of the society in which we are living now.

This Seminar focuses on Japan and East Asia in omnibus form given by specialists in various academic research fields. You can gain a multi-disciplinary knowledge through a series of lectures delivered by academic specialists.

*** Course registration is required for credits, but all students are welcome to attend regardless of registration.**

世界には、天災のような自然リスクだけでなく、人災や経済不安、また政治的不安定のような社会的リスクにいたるまで、様々なレベルで「リスク」が存在しています。こうした様々な「リスク」の存在を知り、それらに対する理解を深めることは、自分自身が生きる社会そのものに対する私たちの理解を深めてくれるはずです。

本セミナーでは、日本およびアジアを主な対象として、様々な分野の外部専門家をお招きします。参加者は、これらの講義を通じて、より学際的で広範な知見に触れることができるでしょう。

※本セミナーは国際協力研究科の講義「Risk Management」として開講されるものですが、履修登録とは関係なく、自由な参加を歓迎します。
