

2016-Kobe University Relay Lectures-2<sup>nd</sup>

[Overview]

Date: June 18, 2016 (Sat.) 10:40-16:40

Place: Tsurukabuto First Campus K bldg. K202 Classroom

The 2<sup>nd</sup> session of the relay lectures started in the morning. Students ate lunch in the classroom and had a chance to debate with university students. They were satisfied to learn at the university all through the day.

1<sup>st</sup> period (10 : 40-12 : 10)

■Today's financial system

Mr. Takashi Yoshimura

2<sup>nd</sup> period (13 : 00-14 : 30)

■To clear the path of Japan's future

Mr. NISHIMURA Yasutoshi

3<sup>rd</sup> period (15 : 10-16 : 40)

■How we should make our country from now.

Kunihiro Yamada (Director,  
Ministry of Land,

<p>(Goldman Sachs)</p> <p>Theme: The reason why finance is important.</p> <p>From the student's reports:</p> <ul style="list-style-type: none"> <li>○ I realized a critical situation is happening in Japan when checking inside the value.</li> <li>○ I was surprised to know that there are several patterns of bubble economy.</li> <li>○ From now on, I will check the news to understand the conditions of my own country.</li> <li>○ I now can say that high school students should know about finance.</li> <li>○ I learned about the bubble economy and how it is effecting the developing countrys. I realized that economy which is only seeking profit will not work out.</li> <li>○ Why don't Japanese universities bring in asset management for efficient</li> </ul>	<p>(LDP Chairman of the Committee on Cabinet)</p> <p>Theme: Declining birthrate, informatization, globalization and our country's vision</p> <p>From the student's reports:</p> <ul style="list-style-type: none"> <li>○ I learned what will effect the country that will not join the TPP when the TPP starts.</li> <li>○ I realized that it would be possible if I take the chance to talk with persons whom has other senses of values or looks at things differently from others, I can find new ideas.</li> <li>○ I felt that women's empowerment will make a new groove throughout all industries.</li> <li>○ I thought that Japan needs new work or new ways to work as an addition to the existing approach to works.</li> <li>○ People are good at treasure meeting with others which is something robots can never do.</li> </ul>	<p>Infrastructure, Transport and Tourism Kinki Regional Development Bureau)</p> <p>Theme:</p> <ol style="list-style-type: none"> <li>1. Public works will change our social life and the town will be refreshed.</li> <li>2. Kinki Regional Development Bureau's challenges</li> <li>3. Taking actions for severe water disasters and the upcoming great earthquake.</li> <li>4. Strategic counterplan for facility obsolescence.</li> <li>5. How social capital can improve productivity.</li> <li>6. Our local area, Kinki – towards a bright future</li> </ol> <p>From the student's reports:</p> <ul style="list-style-type: none"> <li>○ I am against building a dam,</li> </ul>
--	---	---

<p>management? Universities in overseas have university funds so that graduates can donate to develop and grow their old school.</p>		<p>so I wanted to know more about the risk of dams.</p> <ul style="list-style-type: none"><li>○ I felt that Yamada-sensei is really respecting the local area and willing to give power to it.</li><li>○ It was amazing to know that the development plans are made to meet disaster control which may happen in the future.</li><li>○ I felt that they should open "TEC = FORCE reports" to the public.</li></ul>
