Sendai Interaction Program

[Overview] We visited Miyagi to do the activities as below.

- Visit the disaster affected area at Arahama, Sendai city and Sendai 3/11 Memorial Community Center.
- Interaction with Sendai Seiryō Secondary School - Visit to Minamisanriku's disaster area and discussed the theme of "Learn about the natural disaster and think what we should do to share to future generations how the Earthquake disaster will effect our life"
- Miyagi Prefectural Tagajo High School started Disaster Science course from this year. We visited Tagajo castle with them and discussed the theme was "What should we do in 24 hours after the earthquake".

We visited the Arahama area in Sendai city. We interviewed staff in Satoumi Arahama lodge.

At Sendai 3/11 Memorial Community Center.

Toshima Sensei, the Vice Principal of Sendai Seiryō Secondary School was working at Ookawa Junior High School during the Great East Japan Earthquake. We received a lecture from him. The theme was "How people feel and act when a disaster happens".

We visited Minamisanriku-cho Shizugawa. Mr. Ookawa guided us around the area.

We had lunch at Minamisanriku San San Shopping Village.

We had discussions with Sendai Seiryō Secondary School's students based upon our visit throughout the disaster area in Sendai city.

Memorial Photo with Sendai Seiryō Secondary School's students.

Tagajo High School students guided us around the disaster areas around the Tagajo castle.

"What should we do in 24 hours after the earthquake?" We discussed this topic with the students in Tagajo High School.
