

Title : Canadian Academy exchange program

Outline : Sunday, May 21st,

26 students and teachers from Canadian Academy in Kobe have visited our school to participate in our school festival “Togen-sai” and to interact with our students. Both schools have been continuing to interact with each other and are planning panel discussions and mutual class participations in the future.

Photos and Comments :

Tour guide of “Togen-sai” by our students in two groups.

Tour guide of “Togen-san” by our students.
It was a little confusing because some areas couldn't use the money coupons while other areas could.

Lunch meeting.

We were able to interact at each table while having lunch.

Topics such as “Togen-sai”, prom party at CA and about future career after graduation were talked about.

Group photo.

We took a commemorative photo at the end.

We were able to deepen our friendship even though most of our students were not able to attend till the end, since most of them played a central role in the “Togen-sai” festival.
